

**About us:**

SKB-Tech Trade operates as a global trade agency for technical equipment and industrial requirements. We are a strong partner of the paper industry and offer our customers technologically valuable products as well as best service. From our office in Vienna, Austria we serve our customers worldwide.

Our core competency lies in the global sale of products in need of explanation. Due to the simple but powerful structures, our trade agency works with leading manufacturers to specifically address the requirements of dynamic markets and serve them effectively.

**Products:**

To meet the high demands of the market, we offer only products from leading manufacturers with a fair price-performance ratio:

- Industrial tools for installation and maintenance of paper machinery
- Humimeter for quality applications in paper production
- Paper Carrier Ropes for paper machine application
- Second-hand equipment as machinery, tools and measurement instruments

**Procurement service:**

Some components cannot be ordered as standard parts! This makes it all the more important to have a competent and reliable supplier, who can offer customized solutions. We will be happy to assist you in the procurement of tailor-made parts! We have a global supplier network, as well as manufacturers for industrial requirements.

**Service:**

The term "Tech Trade" in our company name stands for trade in technology products. Using cutting-edge methods and tools, our customers can:

- Create more efficient production processes
- Control and monitor the quality of the raw material and the finished product
- Carry out assembly and maintenance work on machines and systems with the utmost precision
